

The background of the poster is a night-time aerial view of a city, likely Seoul, with a river and a bridge. In the foreground, the ornate, traditional Korean architecture of a building is visible, with a bright light source behind it, creating a lens flare effect.

2024 31st KSID Annual Meeting

Shape the Future of investigative Dermatology

March 22-23, 2024 | Grand Intercontinental Seoul Parnas, Korea

The Korean Society
for Investigative Dermatology

Venue of KSID 2024

GRAND INTERCONTINENTAL SEOUL PARNAS

- Address: (06164) 521, Teheran-ro, Gangnam-gu, Seoul, Korea
- Tel: +82 2-555-5656
- Homepage: <https://seoul.intercontinental.com/grandicparnas/eng/>

KSID2024 venue Grand InterContinental Seoul Parnas is located in Gangnam, the heart of Seoul, and has a wealth of surrounding infrastructure including transportation, shopping, and food.

Welcome Message

Dear KSID/ISID members,

Hello everyone,

I am Dongyoun Lee from the Department of Dermatology, Samsung Medical Center, Sungkyunkwan University, Seoul. I have been elected to serve as the president of the KSID for a term of 2 years starting from April 2023.

KSID was founded in 1991, with the purpose of achieving scientific excellence in dermatological research, and science communication and supporting the career development of cutaneous biologists from academia and industry, both domestic and overseas. Based on our past achievements and experience, KSID has made continuous progress in the dermatological field of science.

Since 2016, KSID officially became a regular ISID (International Society for Investigative Dermatology) member, which was founded in 2013 by SID, ESDR, and JSID, and shares the goals and values of ISID. In 2023, KSID participated in the first ISID meeting, which was held in Tokyo with SID, ESDR, JSID, TSID, and ASDR. As a KSID president, I will do my best to organize the upcoming KSID annual meeting by inviting excellent international and domestic speakers as much as possible for skin research. In addition, I will make an effort to facilitate communications between KSID and other international societies.

KSID's most anticipated event, the 31st Annual Meeting of the KSID will be taking place in Seoul on March 22-23, 2024.

I hope to see everyone in future KSID meetings.

Thank you!

Dongyoun Lee

President, The Korean Society for Investigative Dermatology
Chair Dermatology, Samsung Medical Center, Sungkyunkwan University

Program at a glance

1st Day - March 22

TIME	SESSION	
8:30-9:00	REGISTRATION & OPENING	
9:00-9:35	OPENING PLENARY LECTURE	
9:35-10:20	KSID AWARD	
10:20-10:35	UAM AWARD	
10:35-11:00	COFFEE BREAK & POSTER VIEWING	
	TRACK A ORCHID ROOM	TRACK B CHRYSANTHEMUM ROOM
11:00-12:10	SKIN INFLAMMATION (I)	11:00-12:10 SELECTED FC
12:10-13:10	LUNCHEON SYMPOSIUM (Jassen)	
13:10-14:20	FIBROSIS / WOUND HEALING	13:10-15:20 KSID-JSID-TSID-ASDR FRONTIER SYMPOSIUM
14:20-15:20	SKIN LYMPH (Amorepacific)	
15:20-15:40	COFFEE BREAK & POSTER VIEWING	
15:40-16:50	IMMUNOLOGY & SKIN INFLAMMATION (II)	15:40-16:50 SELECTED FC
16:50-17:50	PRURITUS: ITS OVERCOME (Pfizer)	16:50-18:00 POSTER WALK - AZELIA ROOM
18:00	GROUP PHOTO & WELCOME DINNER	

2nd Day - March 23

	TRACK A ORCHID ROOM	TRACK B CHRYSANTHEMUM ROOM
8:00-9:00	POSTER WALK - ORCHID ROOM	
09:00-10:10	STEM CELL/HAIR/NAIL/OTHERS	09:00-10:10 SKIN BARRIER SESSION ORGANIZED BY KSSBR
10:10-10:30	COFFEE BREAK & POSTER VIEWING	
10:30-12:00	PIGMENTATION / COSMETIC DERMATOLOGY	10:30-11:30 TH 17 AND ITS ROLE
12:00-13:00	LUNCHEON SYMPOSIUM (Sanofi)	
13:00-14:10	PLENARY SESSION	
14:10-15:10	PHOTOPROTECTION (L'Oreal)	14:10-15:10 SELECTED FC
15:10-15:30	COFFEE BREAK & POSTER VIEWING	
15:30-17:10	SKIN TUMOR	15:30-16:30 NEW HORIZON OF ATOPIC DERMATITIS TREATMENT (Abbvie)
17:10-18:10	BIOLOGICS: CUTTING EDGE MEDICATION (NOVARTIS)	16:30-17:30 SELECTED FC
18:10-	CLOSING / GENERAL ASSEMBLY / AWARD	

TIME	SESSION / LECTURE			SPEAKER				
8:30-9:00	REGISTRATION & OPENING							
9:00-9:35	OPENING PLENARY LECTURE	JID Innovations: a new option for investigative dermatology	Russell Hall Duke Univ., USA					
		Single-cell and spatial transcriptomic analysis of perinatal dermal fibroblast lineage differentiation	Ohsang Kwon Seoul National Univ.					
		Q&A / Interactive discussion						
9:35-10:20	KSID AWARD	Effects of particulate matter through the development of atopic dermatitis-like in vitro models mimicking cell to cell interaction	Seong Jun Seo Chung-Ang Univ.					
		A virtual memory T-cell originated subset causes alopecia areata through innate-like cytotoxicity	Joon Seok Chung-Ang Univ.					
		Long-term outcome of autoimmune and autoinflammatory connective tissue disorders after COVID-19 and mRNA vaccination	Solam Lee Yonsei Wonju Univ.					
10:20-10:35	UAM AWARD	Introduction of UAM award						
		Markers of metabolic syndrome in Korean psoriasis patients: based on pilot GWAS	Ki Heon Jeong Kyung Hee Univ.					
10:35-11:00	COFFEE BREAK & POSTER VIEWING							
TRACK A ORCHID ROOM				TRACK B CHRYSANTHEMUM ROOM				
TIME	SESSION / LECTURE		SPEAKER	TIME	SESSION / LECTURE		SPEAKER	
11:00-12:10	SKIN INFLAMMATION (I)	Complex roles of B cells in skin and connective tissue diseases	Manabu Fujimoto Osaka Univ., Japan	11:00-12:10	SELECTED FC	Radiotherapy-induced alopecia: how hair follicle reparative scheme succeeds and fails	Sung-Jan Lin National Taiwan Univ., Taiwan	
		Cutaneous adverse drug reaction: what's new	Riichiro Abe Niigata Univ., Japan			The effects of vascular laser on facial redness and skin microbiota compositions in rosacea	Jihee Kim Yonsei Univ.	
		TBD	Shigetoshi Sano Kochi Univ., Japan			TBD		
		Q&A / Interactive discussion						
12:10-13:10	LUNCHEON SYMPOSIUM (Jassen)	Approaches to Diagnosing and Treating palmoplantar pustulosis					Seong Jin Jo Seoul National Univ.	
13:10-14:20	FIBROSIS / WOUND HEALING	Skin regeneration and repair - from molecular mechanisms to clinical perspective	Sabine Eming Univ. of Cologne, Germany	13:10-15:20	KSID-JSID-TSID-ASDR FRONTIER SYMPOSIUM	TBD		
		Skin injury and hair regeneration: how the niche translates the injury signals to stem cells	Sung-Jan Lin National Taiwan Univ., Taiwan					
		Cellular interaction and their role in pathologic fibrosis	Jong Hee Lee Sungkyunkwan Univ.					
		Q&A / Interactive discussion						
14:20-15:20	SKIN LYMPH (Amorepacific)	Exploring novel lymphatics for brain and facial skin clearance	Gou Young Koh KAIST					
		Microscale tools for 3D skin reconstruction	Seok Chung Korea Univ.					
15:20 -15:40	COFFEE BREAK & POSTER VIEWING							
15:40-16:50	IMMUNOLOGY & SKIN INFLAMMATION (II)	Identification of resident memory CD4 T cell in atopic dermatitis	Kenji Kabashima Kyoto Univ., Japan	15:40-16:50	SELECTED FC	TBD		
		Epigenetic control and skin immunity	Sayaka Shibata Univ. of Tokyo, Japan					
		PFN1 as regulator of psoriasis and metabolic disease	Dong Hyun Kim Cha Univ.					
		Q&A / Interactive discussion						
16:50-17:50	PRURITUS: ITS OVERCOME (Pfizer)	Assessment of Itch and scratch	Yong Hyun Jang Kyungpook National Univ.	16:50-18:00	POSTER WALK	AZELIA ROOM		
		Navigating the role of JAK in adolescent AD management	Chang Ook Park Yonsei Univ.					
		Tailoring AD management with flexible dosing approaches	Jung-Im Na Seoul National Univ.					
18:00	GROUP PHOTO & WELCOME DINNER							

TRACK A ORCHID ROOM				TRACK B CHRYSANTHEMUM ROOM			
TIME	SESSION / LECTURE		SPEAKER	TIME	SESSION / LECTURE		SPEAKER
8:00-9:00	POSTER WALK - ORCHID ROOM						
09:00-10:10	STEM CELL/HAIR/ NAIL/OTHERS	Distinct scalp microbial signatures of neutrophilic scarring alopecia	Jin Park Jeonbuk National Univ.	09:00-10:10	SKIN BARRIER SESSION ORGANIZED BY KSSBR	Antioxidant barrier - ferroptosis	Sekyoo Jeong Incospharm
		The role of collagen VII in skin and disease: current understanding of pathomechanisms of dystrophic epidermolysis bullosa and therapeutic approaches	Kern Johannes Univ. of Melbourne, Australia			The interplay of exposome and skin barrier dynamics	Eun Jung Lee Yonsei Univ.
		Nail research in relation to hair	Dong-Youn Lee Sungkyunkwan Univ.			Bacterial crosstalk via antimicrobial peptides on the human skin: therapeutics from a sustainable perspective	Woo Jun Sul Chung-Ang Univ.
		Q&A / Interactive discussion				Q&A / Interactive discussion	
10:10-10:30	COFFEE BREAK & POSTER VIEWING						
10:30-12:00	PIGMENTATION / COSMETIC DERMATOLOGY	Adiponectin in sensitive skin and rosacea	Jin Ho Chung Seoul National Univ.	10:30-11:30	TH17 AND ITS ROLE	Th17 differentiation	Seung-Hyo Lee KAIST
		Novel target for antiaging interveion in the elderly : from the aspect of mid old cells	Tae Jun Park Ajou Univ.			Th17 & gut inflammation: connection to skin	June-Yong Lee Yonsei Univ.
		Unraveling the intricate factors related to pigmentation changes in the aging process	Sang Ho Oh Yonsei Univ.			Pivotal role of Th17 in skin disease	Jung U Shin Cha Univ.
		The role of fibroblasts in persistent postinflammatory hyperpigmentation	Si-Hyung Lee Seoul National Univ.			Q&A / Interactive discussion	
		Q&A / Interactive discussion					
12:00-13:00	LUNCHEON SYMPOSIUM (Sanofi)	Shared and unique roles of IL-4 and IL-13 in Atopic Dermatitis and Prurigo Nodularis					Dong Hun Lee Seoul National Univ.
13:00-14:10	PLENARY SESSION	Plenary session for selected FC					
14:10-15:10	PHOTOPROTECTION (L'Oreal)	Effects on human skin of ultraviolet-A1 irradiation and development of actinic lentigines due to exposure to UVA1 radiation	Akimichi Morita Nagoya City Univ., Japan	14:10-15:10	SELECTED FC	TBD	
		Photoprotection for pigmentary disorders	Hee Young Kang Ajou Univ.				
		Sunscreens with the new MCE filter covering the entire UV spectrum	Soyun Cho Seoul National Univ.				
15:10-15:30	COFFEE BREAK & POSTER VIEWING						
15:30-17:10	SKIN TUMOR	The biological role of plasminogen activator inhibitor-1 (PAI-1) in melanoma progression and immunotherapy: from autophagosome to endosome	Abel Lee Chang Gung Univ., Taiwan	15:30-16:30	NEW HORIZON OF ATOPIC DERMATITIS TREATMENT (Abbvie)	Bridge the gap between patient's unmet needs and real world data of Upadacitinib	Atsushi Otsuka Kindai Univ., Japan
		Molecular pathology and its impact on classification and treatment of skin tumors	Arnaud de la Fouchardière Centre Léon Bérard, France			Aiming high: targeting minimal disease activity in Atopic dermatitis	Sang Eun Lee Yonsei Univ.
		Toward next-generation engineered T cell therapy	Chan Hyuk Kim KAIST	16:30-17:30	SELECTED FC	TBD	
		Melanoma treatment updates 2024	Lynn Cornelius Washington Univ., USA				
		Microenvironment of pigmentation in melanoma	Sook Jung Yun Chonnam National Univ.				
		Q&A / Interactive discussion					
17:10-18:10	BIOLOGICS: CUTTING EDGE MEDICATION (NOVARTIS)	Role of IL-17 in hidradenitis supprativa	Kihyuk Shin Pusan National Univ.				
		Molecular differentiation between psoriasis and atopic dermatitis	Jeong Eun Kim Hanyang Univ.				
		The optimized chronic urticaria treatment with Omalizumab	Mira Choi Inje Univ.				
18:10-	CLOSING / GENERAL ASSEMBLY / AWARD						

Social Events

Presidential dinner

- **Date:** March 21 (Thu)
- **Timing:** 18:00-20:30
- **Venue:** Philkyungjae (www.philkyungjae.co.kr/rain/index.php)

Transportation will be provided between Grand Intercontinental Seoul Parnas and Philkyungjae.

Enjoy authentic royal cuisine in a Korean old house, designated as the first traditional building by the Ministry of Culture and Tourism in 1987.

Welcome dinner

- **Date:** March 22 (Fri)
- **Timing:** 18:00-19:30
- **Venue:** 2F, Chrysanthemum room,
Grand Intercontinental Seoul Parnas

Cocktail event

- **Date:** March 22 (Fri)
- **Timing:** 20:00-22:00
- **Venue:** Bar 81
(www.lottehotel.com/seoul-signiel/en/dining/bar-81.html)
81F, LOTTE WORLD TOWER, 300 Olympic-ro, Songpa-gu,
Seoul, Korea

Transportation will be provided between Grand Intercontinental Seoul Parnas and Bar 81. Let's meet at the hotel lobby and create memorable experiences while enjoying panoramic night view of Seoul.

Farewell dinner

- **Date:** March 23 (Sat)
- **Timing:** 18:00-21:00
- **Venue:** TBD (Korean Barbecue Restaurant)

The Korean Society
for Investigative Dermatology
